

New Cherys on local sales listings

Chinese automakers, such as Chery, have been making massive in-roads into the SA new car market. This will likely increase in the months to come with the addition of new Cherys on the sales listings.

The first of the new Cherys is a Max option in the Tiggo 7 Pro range. In Chery speak, 'max' refers to the larger engine offered in any range. The Tiggo 7 Pro has, until now, been offered with a 1,5lturbocharged petrol engine. The Tiggo 7 Pro Max offerings boast a 1,6l turbopetrol motor. This larger option has 145kW of power and 290Nm of torque on tap. The Max versions are differentiated by a few styling cues, which include specific alloy designs, an updated frontal aspect and lighting signatures.
