

# Scan Display cements position as top exhibitions supplier at EXSA

Issued by [Scan Display](#)

3 Feb 2015

Scan Display has started 2015 on a high note after the announcement late last year that the company was a double EXSA Award Winner. Both awards are highly prized and cement Scan Display's reputation as a top stand building supplier in South Africa.

The company was the winner in the Custom 25-50sqm category and the Best Green Stand category for its Standard Bank stand at SAPOA and the Scan Display stand at Markex 2014 respectively.

When the Scan Display team began the design of its own stand for Markex 2014, it was imperative that all of the elements brought together could be reused for future events or shows.

Subscribing to this mentality from the outset meant that the design team was acutely aware of what the future potential was for every piece of material, furniture, finishing and audiovisual element.

Managing Director of Scan Display, Justin Hawes, was naturally pleased to receive the two EXSA awards: "As a team, we have worked incredibly hard to continue innovating within our industry and we are excited that our efforts have been noticed by EXSA and our industry associates."

Hawes added that the Scan Display team will be working even harder in 2015 to introduce contemporary trends and new, environmentally-friendly materials to all of the company's stand builds and installations.
