

Clicks extends BabyClub benefit to Botswana

Clicks has made its BabyClub benefit available in Botswana.

Clicks ClubCard members who are pregnant or have children up to the age of 36 months can earn additional rewards on their purchases of selected baby products (excluding legislated products). This equates to about 4% cashback in Pula (the currency of Botswana), which can be used for purchases in-store.

Other benefits include exclusive offers such as an additional 10% savings during promo periods, three for two deals, a free vaccination SMS reminder service, and expert advice with live Q&A chats on the Clicks BabyClub Facebook page.
