

Connect with Scan Retail at the 20th Annual Shopping Congress in Sandton

Issued by [Scan Display](#)

29 Aug 2016

Yes, it's that time of the year again - it's the 20th Annual Congress of the South African Council of Shopping Centres (SACSC) and its taking place from Wednesday, 7th to Friday, 9th September 2016 at the Sandton Convention Centre. Two thousand professionals in South Africa's rapidly growing retail industry have signed up to exhibit their products and connect with others. We will be joining them and we couldn't be more excited.

The Congress, which rotates between South Africa's three largest cities, is the premier annual shopping centre and retail industry event on the African continent. With simplicity as the theme of this year's congress - the South African Council of Shopping Centres (SACSC) is going to be featuring a superb line-up of presentations by the industry's brightest minds as well as the opportunities and challenges of the current market.

Committed to providing an effective platform for networking, creating opportunities and facilitating growth, the South African Council of Shopping Centres (SACSC) is a flagship event that gives members exposure to the latest ideas, trends, innovations and information in South Africa and across the globe. Providing insight, engagement and international and local speakers - Shopping Congress is set to host another memorable event this year with Scan Retail a part of it all.

We bring retail stores and brands to life

At Scan Retail, we believe that when it comes to exhibiting your brand there is only one rule and that is to be noticed. With years of experience and unrivalled innovation and growth in the exhibition industry, our DNA is making an impact through design. We have translated this knowledge to our retail offerings with cost-effective elements reflecting state-of-the-art products for retailers. Extending from businesses, conferences, exhibitions, fashion shows, galleries, in-store promotions, and shopping centres to shop window displays, we deliver cutting-edge architectural engineering, digital and print technology, and ultra-lightweight portable display solutions. Our products include mall kiosks, shopping kiosk stands, lightboxes, and more.

This year we've decided to go back to basics and we are shining the light on our Modular Retail Kiosk range, multiple configuration Quickwall range, and our LED Fabric Lightbox range. We are excited to showcase our innovative range of products next month, as well as to be collaborating with some great brands like Vape Cartel, Ferrari, L'Occitane, and

Fragrance Boutique.

We have some exciting prizes up for grabs

Be sure to visit both our Scan Retail team at Stand E16 & E18 and our social media pages because we have some exciting prizes up for grabs. For a more detailed product portfolio, simply visit our website at www.scanretail.co.za.
