

Get government, corporate support to survive Covid-19: spend 5-min doing your bit

Issued by [Edge Growth](#)

31 Mar 2020

The impact of Covid-19 on your business needs no introduction to you. Suffice it to say 75% of SMEs expect to lose 30% of revenue over the next three to six months, and 30% are at risk of running out of cash within three months.

To help business owners everywhere, we're advocating with government and big business for more of the right sort of support. But **we need five minutes of your time** to do that! Help us create a clear and accurate picture, built with input from business owners.

All it will take is five minutes to complete this survey. The sooner you do it, the sooner government might act to support business owners and affected staff.
