“Based on results of this year’s largest global awards program, The One Show 2020 Global Rankings are the definitive measure for global creative excellence,” said Kevin Swanepoel, CEO, The One Club for Creativity.

He added:

“ In a year when global awards like Cannes and others decided to cancel their shows, we were driven to uphold our nonprofit mission to support the creative community and elevate the best work in the world. The industry will use this ranking as the global measure for creative excellence, as decided by a jury of more than 200 industry leaders. ”

The One Show 2020 Global Creative Rankings are determined by the cumulative point totals of Pencils and Merits won. Rankings can be sorted by agency, client/brand, in-house agency, network, holding company, creative, highest-ranking work, country and region.
