

# Nairobi Garage relocates to state-of-the-art premises

Nairobi Garage has revealed the official opening of its new state-of-the-art entrepreneurship centre, featuring three floors of specially designed office, co-working and event space in the heart of Kenya's capital city.

Nairobi Garage

The three floors of the new [Nairobi Garage](#) each offer a unique work environment for entrepreneurs, freelancers and innovative companies. Each floor has been developed based on seven years' experience supporting Kenya's growing, modern businesses, and tailored to fit their varying needs.

The spacious 7<sup>th</sup> floor offers fixed co-working desks, a designer event space equipped to host up to 350 attendees, and – for the first time in Kenya – makes available an exclusive on-demand club space – giving club members the option to drop into a high-end hot-desking and networking lounge whenever they need.

On the 8<sup>th</sup> floor visitors will find an extensive co-working area offering both flexi and fixed desks, as well as enclosed office space for companies opting for a more private environment. The 9<sup>th</sup> floor is reserved for deluxe enclosed offices – with individual balconies overlooking Nairobi – housing fast-growth ventures with expanding teams.

Located in the Pinetree Plaza, the scaled up Nairobi Garage has moved to an even more central location on Ngong Road, but only minutes away from its previous premises. The new location offers better transport links around town, and closer proximity to a range of supermarkets, cafes, restaurants and bars.

“We’re thrilled to unveil the all-new Nairobi Garage. With our old premises at full capacity, we embarked upon an ambitious project to design and create a state-of-the art headquarters for Kenya’s entrepreneurs and business leaders. We’re excited to open the doors to the new and improved Nairobi Garage, and look forward to welcoming old and new faces,” said Hannah Clifford, director of Nairobi Garage.

“In particular we’re excited to announce our new club space – a relaxed environment where club members can gain access to our ecosystem and services on-demand. Our club space welcomes entrepreneurs, creatives and investors who would like to be part of our network and take advantage of our various member-benefits, but do not necessarily need full-time office space.”

In addition to the spacious, bright and well-equipped office space, Nairobi Garage also features a brand new cafe run by Barista & Co serving delicious snacks, coffees, and treats; as well as an extensive balcony boasting panoramic views of Nairobi’s skyline.

To allow Nairobi to get to know the city’s new entrepreneurship HQ, Nairobi Garage will be holding Open Days every Thursday and Friday afternoon starting on August 31 until September 29.

For this limited time period, Nairobi Garage is celebrating its move with an exclusive offer: on [Open Days](#), pre-registered visitors are welcome to spend the afternoon working at the hub for free, with the Nairobi Garage team on hand to provide tours, and help with new member registration. All new registrations in this period will receive a 10% discount on their first three months membership.
