

TCL returns to CES 2022 with the thinnest 8K mini LED tv

Consumer electronics brand TCL will be at CES 2022. TCL will exhibit its thinnest 8K Mini LED TV prototype, iPQ Engine and demonstrate its Matter ecosystem onsite. A large selection of smart home appliances will also be on display, including LED TVs, QLED TVs, high-performance monitors, newest mobile devices and AR glasses.

The TCL CES 2022 will take place at the Las Vegas Convention Centre, Central Hall #17017 from 5-8 January 2022.

During the TCL CES 2022, there will also be first-hand interactive opportunities to experience the technology behind TCL innovations. TCL will demonstrate the capabilities of its latest iPQ Engine, built upon deep learning technology, which optimises images and clarity to deliver the highest quality images possible.
