

## **Uninhibited. Unbiased. Unfettered.**

The Khuza Awards results are in... and you cannot miss this unusual conference on 4 - 5 May 2006 at Ster Kinekor, The Zone @ Rosebank, Johannesburg. Khuza is a research-based awards programme where South African youth, aged 8 - 22, vote for their favourite ads and marketing campaigns. There are no experts and industry specialists, just 3000 kids, teens and young adults telling it like it is. A research report will be published in May 2006.
