15 Sep 2021

Programme released for SingularityU South Africa Summit in October featuring over 200 world-leading local and international speakers.

Ahead of the much-anticipated SingularityU South Africa Summit 2021, the organisation has announced the launch of learning journeys for this year's event. Taking place from 12–15 October online, the summit aims to empower South Africans and Africans with the latest insights from over 200 of the world's leading local and international speakers, regarding exponential technologies and innovation across a number of fields. Additionally, the full programme is [now available](#) for ticket holders to select which keynotes, panel discussions and workshops they would like to attend.

Speakers at the SingularityU South Africa Summit will share the latest insights on topics such as leadership and investment, artificial intelligence, crypto/blockchain, biotechnology, future of banking, scaling, ESG, 5G, cybersecurity, scaling, social impact, food security, education, NFTs (nonfungible tokens), gaming, virtual and augmented reality, robotics, 3D printing, space, digital marketing (SEO, online ads, social) and DEFI (decentralised finance).

The newly introduced learning journeys enable summit attendees to build personal agendas for summit week by filtering by day, stage, theme and topic/s of interest. These sessions can then be added directly to one's calendar to enjoy maximum benefit and enrichment from the summit.

“As we navigate the ever-changing world, it is so essential to keep a future-focused mindset. This is why we have assembled South Africa and the world’s speakers to help delegates to drive positive change and create an abundant future using exponential technologies,” said Mic Mann, co-CEO of SingularityU South Africa.

“The learning journeys will conveniently help summit attendees derive maximum benefit from the 200 + incredible leaders, 60 + hours programming, four main stages, ten workshops and 16 round tables,” he added.

“There is just over a month to go till this year’s summit, and we can’t wait to educate, empower, and inspire our community with bleeding-edge knowledge from the world’s most sought after thinkers and doers, who share unrivalled acumen in the topics that they address,” said Shayne Mann, co-CEO of SingularityU South Africa.

“We hope to see you at this year's online summit so you can be part of igniting Africa’s future together,” he added.

The SingularityU Exponential South Africa Summit 2021 will be hosted in collaboration with Deloitte and MTN.
