Over a decade ago, Standard Bank of South Africa embraced the platinum naming rights to the Top Women Awards, earning the prestigious title, "Standard Bank Top Women Awards." Today, it stands as South Africa's premier awards platform dedicated to propelling women into leadership roles.

Inspiring sustainable change

As we mark our 20th-year milestone, the awards ceremony will once again shine a spotlight on the organisations with the most sustainable and successful gender empowerment strategies. These honourees represent various sectors, showcasing the diverse landscape of excellence in gender empowerment. The November 2023 awards ceremony serves not only to acknowledge but to inspire. It serves as a beacon for young, entrepreneurial women – the driving force behind our future economy. These women follow in the footsteps of pioneers who paved the way for success, even during times when gender parity was a distant goal.

Shaping tomorrow

Fundamentally, the Standard Bank Top Women Awards are about shaping tomorrow. By acknowledging and celebrating the most sustainable and successful gender empowerment strategies across all sectors, we send a clear message that gender equality isn't just a goal – it's a necessity for a thriving society and economy.

This awards ceremony stands as a testament to the trailblazers who carved out their paths to success long before gender parity became a pressing national issue. It honours their vision and determination while inspiring the next generation of leaders, particularly the entrepreneurial women who are the backbone of our future economy. It's a call to action, a reminder that achieving gender equality is not just desirable; it's essential for a prosperous future.
