

Register to network at SAITEX

The 22nd Southern African
International Trade Exhibition
for retail products

Those wanting to register for business networking opportunities at SAITEX can do so now, as delegate registration has opened on the show's convenient online business matchmaking facility, available on the web and via a new mobile/networking app, enabling visitors and exhibitors to pre-arrange meetings online. This gives everyone more time for doing business on each day of the show. More information is available on the organisers' website:

www.exhibitionsafrica.com.
